UNIVERSITY CONTRACT (FULL AND LIMITED BENEFITS)

SECTION 2.

MET's OBLIGATIONS

(a) Upon MET's acceptance of the Contract and the Beneficiary's enrollment at a Public Educational Institution, MET will pay for one-eighth (1/8) of the credit hours required for a four-year baccalaureate degree at the Beneficiary's Public Educational Institution (for Full Benefits Contracts) or Complete Credit Public Educational Institution (for Limited Benefits Contracts) at the In-State Tuition Rate multiplied by the semesters of educational benefits acquired by the Purchaser. MET guarantees to pay these educational benefits from the assets of the Plan.

(1) MET will stop providing benefits under this Contract when MET has paid the credit hours purchased, regardless of the number of credit hours the Beneficiary has accumulated toward graduation at his or her Public Educational Institution. The Beneficiary can accumulate fewer credit hours than MET has paid if the Beneficiary drops classes, fails classes, repeats classes, takes classes at another Public Educational Institution which do not transfer to the Beneficiary's Public Educational Institution or for other reasons. A standard baccalaureate degree usually consists of 120 semester credit hours (or, on average, 30 credit hours each year).

(2) MET will only pay educational benefits and provide refunds under the Contract from the assets of the Plan. The ability of MET to pay benefits and provide refunds under the Contract is not guaranteed by the State of Michigan.

FOR LIMITED BENEFITS CONTRACTS:

(b) If a Beneficiary enrolls at a Public Educational Institution which is not a Complete Credit Public Educational Institution, MET will provide the number of credit hours MET can purchase with 105 percent of the Weighted Average Tuition Cost of all State Institutions of Higher Education based upon the Academic Year at the time of enrollment multiplied by the semesters of educational benefits acquired by the Purchaser.

(c) If a Beneficiary transfers to another Public Educational Institution, the number of credit hours the Beneficiary will have at the new Public Educational Institution will be determined at the time of transfer by:

- (1) calculating the number of credit hours the Beneficiary is entitled to at the new Public Educational Institution pursuant to subsections (a) or (b), as applicable, as if he or she were just commencing receiving MET benefits using the Weighted Average Tuition Cost of all State Institutions of Higher Education and the Annual Undergraduate Tuition Cost of the new Public Educational Institution as of the Academic Year the Beneficiary first used MET benefits,
- (2) calculating a percent equal to the credit hours already provided by MET for the Beneficiary divided by the total credit hours MET would have provided at that Public Educational Institution,
